

L5740 BROOM TRACTOR COMBO

THE ROAD SWEEPER FOR THE SERIOUS CONTRACTOR.

The **NEILO** L5740 is the big brother to the B3150, offering nearly double the horse power (59HP) to help you speed through your tasks. Sweep the streets with ease with the same 1.75 metre front mounted broom as the B3150, or if size is important, upgrade to the 2.1 metre broom. The unique spring-activated contour follows the lateral pivot, substantially reducing brush wear & coning.

The L5740 comes kitted with convenient features like cruise control and a load sensing auto throttle. Designed to be used for long hours on the longest of roads, this sweeper will keep your operators comfortable and safe.

The air-conditioned and heated cab ensures the operator is comfortable in all elements. Large windows on all four sides of the cab offer the operator great visibility of the surroundings too.

KEY FEATURES

- + 59HP Diesel Engine
- + 3-speed Hydrostatic Drive
- + 2.1M Broom
- + Contour-following broom head
