

M5111 CAB GRADER

NEILO'S MOST POWERFUL GRADER + A CABIN

Meet our newest and largest – the comfortable, yet impressively capable **M5111** Cabin Grader.

The 3,050mm 8-way blade is the new gold standard in compact grading. Achieve the same level of precision as some of the biggest name Grader manufacturers out there in a much more compact and affordable form factor. Easy to use and simple to maintain, this machine will be one of your hardest-working assets.

The innovative new **NEILO** eCONTROL system enables a more tactile and easy to use operation experience. The levers require less effort, whilst providing more control over your grading. The fully adjustable control arm allows you to position the levers in the best position to suit your operators.

Its straightforward and ergonomic control system comes standard with a laser/2D/3D interface (compatible with most popular brands), enabling you to transform your Neilo into a highly accurate grading machine.
